*****REMINDER*****

K-PREP testing for 3rd, 4th, & 5th grades will be held the week of **May 13th-17th**. Please avoid scheduling routine doctor or dentist appointments during this time as your child's attendance is extra important for optimal testing performance.

ATTENDANCE MATTERS!!!

Studies show that children who attend school regularly score better on standardized tests. Studies also show that students who are frequently absent score lower on standardized tests. Your child's success depends on having a solid educational background; one that can only be achieved through regular school attendance.
